Notice Concerning Acquisition of Certification for CASBEE for Real Estate

Kenedix Office Investment Corporation (“the Investment Corporation”) has announced that it received Certification for CASBEE (Comprehensive Assessment System for Built Environment Efficiency) for Real Estate for three owned buildings today.

The total number of properties that acquired Certification for CASBEE for Real Estate reaches 21 among the Investment Corporation’s properties after the acquisition.

1. Property Acquired Certification for CASBEE for Real Estate and Certification Rank

Properties acquired Certification for CASBEE for Real Estate and the certification ranks are as follows.

When acquiring the certification, environmental considerations such as positive efforts for reducing energy and saving water are evaluated.

Property Name	Location	Certification Rank
Shinbashi M-SQUARE Bright	1-9-5 Shinbashi, Minato-ku, Tokyo	 Rank S ★★★★★
KDX Kasuga Building	1-15-15 Nishikata, Bunkyo-ku, Tokyo	 Rank A ★★★★★
KDX Ikebukuro West Building	2-53-5 Ikebukuro, Toshima-ku, Tokyo	

2. Overview of Certification for CASBEE for Real Estate

CASBEE is an evaluation system for rating the environmental performance of buildings, developed under the auspices of the Ministry of Land, Infrastructure, Transport and Tourism. The system rates the overall environmental performance of buildings from two perspectives; the evaluation of the environmental quality and performance of buildings themselves and the external environmental load of buildings.

Certification for CASBEE for Real Estate is rated in four scales: rank S, rank A, rank B+ and rank B for buildings with 1 or more years old after completion.

3. Future Initiatives

The Investment Corporation promotes ESG (Environment, Social and Governance) measures based on “Sustainability Policies” established by the Asset Management Company.

As a pioneer in J-REIT focusing on mid-sized office buildings, the Investment Corporation will continue to advance environmental and energy conservation measures as well as efficient energy use for its own office buildings with the support of outside consultants and proactively promote initiatives for sustainability.
