<td>An amount of 1,149 million yen has been assumed for taxes and public dues (property tax and city planning tax, etc.). In addition, the property tax and city planning tax, etc. of the properties acquired on and after January 1, 2017 are allocated to the seller and buyer on a pro rata basis at the time of acquisition settlement, and the amount equivalent to the portion allocated to the buyer is included in the acquisition price of the property.
